

# *Do you use inflatable packers?*

Mining | Oil & Gas | Geotechnical | World Wide

## **Inflatable Packers**

- \* All standard and custom sizes
- \* Up to 10,000 PSI
- \* Hydraulic or pneumatic inflation

## **Tools**

- \* In-hole Tools
- \* Integrated Fracturing Tool - ideal for preconditioning
- \* High Pressure fracturing rods 10,000 PSI working pressure
- \* Custom made subs

## **Systems**

- \* Hydraulic Fracturing Systems
- \* Electric & Diesel driven Frac pumps
- \* Packer inflation pumps
- \* Data Logging Systems
- \* Flow Meters

ACIM Products are suitable for packer testing, DST, DFIT, Lugeon, IFO, & Grouting. ACIM provide expert field support.
